

2019

FRENCH JAPANESE BUSINESS SUMMIT

SHAPING THE FUTURE

TOGETHER

NIKKEI HALL - TOKYO / DECEMBER 11, 2019

• FOREWORD BY

Following the success of the 1st edition of the French Japanese Business Summit organized in 2018 as part of the celebrations of the 100th Anniversary of the French Chamber of Commerce and Industry in Japan, the CCI France Japon is delighted to announce that there will be another, enriched, edition of the French Japanese Business Summit in 2019! This 2nd summit will once again feature prestigious guest speakers who will share their vision of the future of economic and business relations between France and Japan in front of an audience of opinion leaders, journalists and officials. We look forward to seeing you on December 11, 2019 at the Nikkei Hall.

ARMEL CAHIERRE
President, CCI France Japon

Since its foundation in 1918, the French Chamber has played a major role in the expansion of business relations between French and Japanese companies, and thus deeply contributed to strengthen the partnership between France and Japan. The Business Summit is a perfect opportunity to further develop relations between our two countries and to actively contribute to vibrant and dynamic France-Japan economic ties.

•ABOUT THE BUSINESS SUMMIT

Organized by the French Chamber of Commerce in Japan under the patronage of the French Ambassador to Japan, the 2nd edition of the French Japanese Business Summit "Shaping the Future Together" will celebrate successful cooperation between France and Japan.

Through plenary sessions and workshops, Japanese and French government officials, business leaders, policymakers and academicians will give their insights on how to create new value in the face of generational and structural shifts, in order to foster cooperation and opportunities for mutual growth.

We aim for this summit to promote the strength and know-how of French and Japanese companies, reinforce cooperation, develop business and strategic contacts and prepare to overcome the foreseeable challenges in order to foster sustainable growth in competitive and evolving economies.
